Y'all want the party started, right  
Y'all want the party started, now!  
Y'all want the party started, right  
Y'all want the party started, right NOW!

[Hook]

Can I rock you baby  
Hit the floor now  
Can I smash the club  
Now let me show you right  
We shut the club down  
And never we gon' do  
Not only get familiar  
With what we about to do

We came to smash this club  
Came to tear it up  
We came to smash this club  
We came to tear it up

We came to smash this club  
Came to tear it up  
We came to smash this club  
Put your fucking drinks up

Turn it back, turn another around (x6)

We came to tear it up

Showtime, as soon I walked in the club  
Girls recognized i'm a celebrity love  
I'm celebrity face standing at the top of the speaker  
Drink soft, looking for a celebrity stalker  
Let them out, shout to your ring supply kobe  
You and our starting show me  
You can never be my one and only  
But if you sexy, i'll make sure that you don't go home  
lonely  
Club like song  
Fresh from the bottles  
Tryin to get lucky like lado

Do it to your pass out  
That's the motto for prado  
Insinuating lucky I saw you  
Don't bother  
With the I never did this before  
That's cheap  
I've seen you do it all last week  
In this club  
At this time  
You better get yours  
Before I get mine

[Hook]

Can I rock you baby  
Hit the floor now  
Can I smash the club  
Now let me show you right

Dale, you can buy the club but I own it  
No more shots for hoe cuz she's on it  
And by the end of the night  
Imma have jorge and his friend my tongue they'll be on  
it  
Habla mucho pero no tiene couchons  
When I look like fighting these mojons  
Not me  
Im off to the next country  
Getting more more mojo  
Pit hits more chicks than you feel them  
You ain't gotta take them, you can have them  
I'm a savage, I hit them all day  
But my tongue, it's what grabs them  
Just imagine this when you can all fed  
Rrrrrrrrr  
She came twice

I came less  
You no rest  
Roll again
