They say that chivalry's dead, but I see chivalry
everyday
I see men holding doors open for their ladies standing
in the rain
They say all the good men are gone with the wind, but I
see good men all the time
I see fellas helping friends pay the rent and the bills
that got behind

Chorus: And I wanna keep it alive
To be good to my mama and good to my wife
So when folks say there ain't no noble men left
They'll have to look at me and know; they'll know

Chivalry's not dead
As long as we try to keep it alive
Chivalry's not dead

There's men that lose it all and got mouths to feed and
they're patient through it all
He holds his hands up high and his head real low as he
whispers a prayer to God

If there's any doubt about the men we've got or the
men of recent times
Remember Malcolm and Nelson and Nartin and Hanson
spoke truth through all the lies

Chorus

Chivalry's not dead
As long as we try to keep it alive
Chivalry's not dead
It's gonna survive as long as we try
Chivalry's not dead

I see firefighters rushing into the blaze
And I see Oklahoma cowboys kissing their babes
And I ain't saying we don't need a few more
But the ones that try I don't wanna ignore

Chorus

Chivalry's not dead (2x)

Be the chivalry you wanna see widespread

And the reason the skeptics say

"Chivalry's not dead (3x)"
