I'm so in love,  
And I can't fight the feeling.  
My heart is helpless and I can't resist.  
I still remember,  
When the world stood still babe.  
The first time we kissed.

You're all I see,  
When I think of forever.  
Me minus you just  
Wouldn't make much sense.  
Boy, I believe,  
We were meant for each other,  
So lets give it a chance.

Chorus:  
I'm caught up in you.  
I'm facing the truth.  
What else can I do,  
With all these emotions, Cause I'm,  
I'm falling deeper in every way.

I can't sleep at night,  
Cause nothing feels right.  
I can't deny,  
That how when your near me, my love,  
Grows stronger every day.

Ohh, ohh, yeah.  
Caught up in you.

Before your love,  
My heart was broken.  
I didn't think that it would ever mend.  
And then you came, into my life,  
Boy, now I don't need to pretend.

I'm caught up in you.  
I'm facing the truth.  
What else can I do,  
With all these emotions, Cause I'm,  
I'm falling deeper in every way.

I cant sleep at night,

Cause nothing feels right.

I can't deny,

That how when your near me, my love,  
Grows stronger every day. [every day]

Ohh, ohh, yeah.

Every time I look into your eyes,  
Every time I take your hand in mine,  
I know there's nothing else I need.

I'm caught up in you.  
I'm facing the truth.  
What else can I do,  
With all these emotions, Cause I'm,  
I'm falling deeper in every way.

I cant sleep at night,  
Cause nothing feels right.  
I can't deny,  
That how when your near me, my love,  
Grows stronger every day.

I'm caught up in you.  
I'm facing the truth.  
What else can I do,  
With all these emotions, Cause I'm,  
I'm falling deeper in every way.

I cant save the night,  
Cause nothing feels right.  
I can't deny,  
That how when your near me, my love,  
Grows stronger every day.

Caught up in you,  
Caught up in you,  
Caught up in you,  
Caught up in you,  
Caught up in you,  
Caught up in you,

Yeah  
Caught up in you [[x6]]  
Yeah
