I really don't mean to stare
I was only trying to memorize you there
You know I meant no harm
It's just that the starlight in your eye
Gave me a chill, nearly made me cry
I'm sure it's very clear
I don't know what's goin' down
(What's going down)
You're gonna ruin this poor girl from out of town
I like the way you move so much that
I guess I just lost my head
I know we should really know much better
I guess I just lost my head
I know we don't really know each other
So pardon the things I said
Won't you tell me you'll forgive me
I don't mean to intrude
It's just that I don't want to break this mood
(Don't want to break this mood here tonight)
And if I hold your hand it's just 'cause
There's something in the things you say
That wraps me up and really puts me away
But everybody knows
I don't know what's goin' down
You're gonna ruin this poor girl from out of town
I like the way you move so much that
I guess I just lost my head
I know we should really know much better
I guess I just lost my head
I know we don't really know each other
So pardon the things I said
Won't you tell me you'll forgive me
I don't know what's goin' down
(What's goin' down)
You're gonna ruin this poor girl from out of town
I like the way you move so much that
I guess I just lost my head
I know we should really know much better
I guess I just lost my head
(I've got the feeling inside)
I know we don't really know each other
(And I love you)

So pardon the things I said
(I need your loving tonight)
Won't you tell me you'll forgive me
Guess I lost it
Guess I lost it
I guess I just lost my head
(Cause you've been making me crazy)
I know we should really know much better
I guess I just lost my head
I know we don't really know each other
So pardon the things I said
Won't you tell me you'll forgive me
