Day after day I must face a world of strangers  
Where I don't belong, I'm not that strong  
It's nice to know that there's someone I can turn to  
Who will always care, you're always there

Chorus

When there's no getting over that rainbow  
When my smallest of dreams won't come true  
I can take all the madness the world has to give  
But I won't last a day without you

So many times when the city seems to be  
Without a friendly face a lonely place,  
It's nice to know that you'll be there if I need you,  
And you'll always smile it's all worthwhile.

Repeat chorus

Touch me and I end up singing  
Troubles seem to up and disappear  
You touch me with the love you're bringing  
I can't really lose when you're near

If all my friends have forgotten half their promises  
They're not unkind, just hard to find  
One look at you and I know that I could learn to live  
Without the rest, I found the best

Repeat chorus 2x
