Little Altar Boy  
I wonder could you pray for me  
Little altar boy  
for I have gone astray  
what must I do to be holy like you  
little altAr boy  
please let me hear you pray

Lift up your voice and send a prayer above  
help me rejoice and fill that prayer with love  
now I know my life has been all wrong  
little altar boy  
please help a sinner be strong

little altar boy  
I wonder could you tell Our Lord  
tell Him altar boy I'm gonna change my ways today  
what must I do to be holy like you  
little altar boy  
please let me hear you pray  
little altar boy  
please let me hear you pray
