I remember the first time
I laid more than eyes on you
We've been in love for a long time
And I'm still in love with you

Well, I am so still in love with you
Will you always understand
I do not know what I would do
Without you

I'm in perpetual motion
I am always on the move
You must have slipped me a potion babe
'Cause I'm still in love with you

Well, I am so still in love with you
Will you always understand
I do not know what I would do
Without you

You don't leave me any reason
I don't need no alibies
So don't ask me no questions
Babe, I won't hand you any lies

Well, I am so still in love with you
Will you always understand
I do not know what I would do
Without you

And you know that tomorrow
Will be different than today
We beg, steal and borrow
But we always stay the same

Well, I am so still in love with you
Will you always understand
I do not know what I would do
Without you
(I'm still in love)

I am so still in love with you

Will you always understand
I do not know what I would do
Without you
(I'm still in love)

I am so still in love with you
Will you always understand
I do not know what I would do
Without you
