I would go on throughout my day  
Thought I was okay  
But I really didn't have commitment

I was prestige in many eyes  
They didn't see me cry  
I really could hide my torment

Though it seemed I was fine  
It continued all the time  
I'm only human and the pressure  
Is getting to me

I just can't take it no more  
My strength has walked out the door  
And it left me and told me  
I can't go no more

I just can't take it no more  
I just want to lay down and die  
God, if you hear me, come near me  
You're my only hope, You're my only hope  
Said, You're my only hope

I wish I had another chance  
I would fervently seek Your hand  
I would've survived the avalanche

I didn't see the road to take  
So, I gave my life away  
Now there's no way I can pray from a grave

Though it seemed I was fine  
It continued all the time  
I'm only human and the pressure  
Is getting to me

I just can't take it no more  
My strength has walked out the door  
And it left me and told me  
I can't go no more

I just can't take it no more  
I just want to lay down and die  
God, if you hear me, come near me  
You're my only hope

Listen to me, you can do all things if you  
Turn to the one Who's made you

You've got to take a little more  
Your strength has walked out the door  
And it left you and told you  
It can't go no more

You've got to take a little more  
You might want to lay down and die  
Just know God hears you, He's near you  
He's your only hope

Take a little more  
Your strength has walked out the door  
And it left you and told you  
It can't go no more

You've got to take a little more  
You might want to lay down and die  
Just know God hears you, He's near you  
He's your only hope

Take a little more
