I gotta right to praise Him

Every now and then I take a retrospective look within
And from that I find all the words from within a friend
Because through the years, You caught my tear
Everything I saw as far, You brought near
So I promise I will love, praise, and keep You in my life

Every time I think about You
I gotta right to praise You, Lord
You soothe my doubts and clam my fears
I can't explain the way I feel

Every time I think about You
I gotta right to thank You, Lord
You blew away the rain, took away the pain
That's way I exercise my right

How can I ignore the one that loved me, when I could
care less
I wasn't fit to live and yet not ready to die, just a mess
You looked beyond my faults and saw my loss
Now portraying joy and zeal is my greatest skill
Now I promise, I will love, praise and keep You in my
life

Every time I think about You
I gotta right to praise You, Lord
You soothe my doubts and clam my fears
I can't explain the way I feel

Every time I think about You
I gotta right to thank You, Lord
You blew away the rain, took away the pain
That's way I exercise my right

I will bless the Lord at all time
And His praise, I'll continually rewind and say them
again
Because through the years, You clam my fears
Now portraying joy and zeal is my greatest skill
Lord I promise, I will love, praise and keep You in my

life

I gotta right to praise to Him
I gotta right to thank Him
I gotta right to praise to Him
I gotta right to praise to Him, thank Him

Every time I think about You
I gotta right to praise You, Lord
You soothe my doubts and clam my fears
I can't explain the way I feel

Every time I think about You
I gotta right to thank You, Lord
You blew away the rain, took away the pain
That's way I exercise my right

Every time I think about You
I gotta right to praise You, Lord
You soothe my doubts and clam my fears
I can't explain the way I feel

Every time I think about You
I gotta right to thank You, Lord
