There's no other love, nowhere in the world
Greater than my love for you
You belong to me, I adore you
So don't hesitate to call me

I know
(I know sometimes you feel)
Alone
(You're not alone 'cause I'm)
Always
(I'm always by your side)
Oh, I see everyday

I see you everyday sending my love your way
Watching your every move, covering you with grace
All that I ask of you talk to me everyday
The bond is stronger then you know that, I'll be right
there

Look up to the stars, you see, knowing me
Infinity is waiting for you
I'll hold to my promise, just keep me in your heart
You'll feel safe in knowing I'm there

I know
(I know sometimes you feel)
Alone
(You're not alone 'cause I'm)
Always
(I'm always by your side)
Oh, I see everyday

I see you everyday sending my love your way
Watching your every move, covering you with grace
All that I ask of you talk to me everyday
The bond is stronger then you know that, I'll be right
there

You're so precious to me
Everyday I'll you so close to me but I need you to have
Have in me and you can move mountains
Through my love for you

I see you everyday sending my love your way
Watching your every move, covering you with grace
All that I ask of you talk to me everyday
The bond is stronger then you know that, I'll be right
there

I see you everyday
Sending my love your way
(I'll be right there)
I see you everyday
Sending my love your way
(I'll be right there)
I see you everyday
Sending my love your way
(I'll be right there)

I see you everyday sending my love your way
Watching your every move, covering you with grace
All that I ask of you talk to me everyday
The bond is stronger then you know that, I'll be right
there
