I found in You a special gift, a treasure chest for me
It's beauty I just can't resist and only I can see
Never would have thought You could open up to me
You showed me all inside and said to me, believe

Just for me, just for me
You came down because You loved me
Just for me, just for me
Never knew someone who care so much for me

Never could've dreamed about it
Never wanna live without it
Never could I doubt about it
Just for me

I found in You a secret place created just for me
When I am there the pain's erased, my shackled heart
is free
Never would have thought that I would find a love so
true
You were the one, the only one, my heart belongs to
You

Just for me, just for me
You came down because You loved me
Just for me, just for me
Never knew someone who care so much for me

I never knew someone could care for me
Just for me, now I'm free
And I adore You, living for me

Just for me, just for me
You came down because You loved me
Just for me, just for me
Never knew someone could care so much for me

Never could've dreamed about it
Never wanna live without it
Never could I doubt about it
Just for me

Just for me, just for me
You came down because You loved me
Just for me, just for me
I never knew all this love could be for me

Never could've dreamed about it
Never wanna live without it
Never could I doubt about it
You did it just for me, just for me

Oh, oh, oh You did it just for me
Oh for me
