Don't want you to feel this way
Don't want you to fall down from the sky

... shadow land
Helping you but it seems to make you hide

I don't wanna live my life in vain
I don't wanna walk the streets of rain
I don't wanna feel this pain for chain
I don't wanna live my life in vain

Back and forward, yes I hit the vibe, vibe
Pain is in my head yes I got this...
Back and forward, yes I hit the vibe, vibe
Pain is in my head yes I got this...
Hardcore break
Like a... MC you...

Feel the pressure
Step the feel come on feel the bass
