[Pete Rock]

rock the house (rock the house)  
east New York, east New York  
east New York, east New York  
east New York, east New York  
my man AZ to the fullest

Verse 1: AZ

we was already loyal to people's minds and mulianis  
now we more fucked up with a mayor named Guliani  
you can try to bomb me  
analyze but can't define me  
my mind's divine heavily entwined with Ghandi's  
far from feeble, I leave your nostrils hard to breathe  
through  
cause my cerebral's are more of a higher plane  
than the Hebrews  
my mic devotion brings out my deepest emotions  
overdosing wannabes posing  
sending them through convulsions  
to hard to follow, you took a bite but couldn't swallow  
your mind's boggled  
but I'm as deep as Donald Goines novels  
my whole persona's kinda laid back like a recliner  
and since my mama, I been fucking with marijuana  
wavy-haired, my skin got a money getting glare  
strictly menace wear, macking offa Guinness beer  
so where it all begins is here  
destiny and me finally meet  
so how can I be weak?  
I'm rather unique

chorus:

[scratched in w/ Pete Rock ad-libs]

why, why, why I'm rather unique  
why I'm rather unique --> Big Daddy Kane

Verse 2: AZ

my verbals rip shit  
Brains give birth to thoughts in triplets  
fuck it I'm on some flip shit

ready to let my clip spit, dramatical  
vocals release shells like automatics  
Do music's magical causing any battle to be tragical  
I got styles sick as hell, sicker than sickle cell anemia  
slaughter your circulatory like leukemia  
filled with larceny, who want parts of me?  
I'm vicious, mad malicious  
cause it's real on this road to riches  
I got this mastered, other rappers'll craft it  
weak and wicked camouflaged as killers  
how they speak and kick it  
peep this uniqueness  
nonbelievers I'm leaving speechless  
left to chokers and skunk smoke  
was coming through the speakers  
surgically nice with any verbal device  
trife, breathing life into mics  
my insight's beyond the twilight  
so die, fight, no surrender, no retreat  
techniques speak  
I'm rather unique

chorus [w/ ad-libs]

Verse 3: AZ

so it's gonna take more than your astrologist  
to knowledge this  
a physiologist couldn't even figure out the exoticness  
raps demolishing certified the way I style it  
my wordplay blaze with the rays of ultraviolence  
my culture's smiling, getting more in depth with each  
breath  
my biography follows the footsteps of Malcolm X  
money and sex, Gore-Tex Donna Karan and Guess  
finesse, success through the life  
stress mics I blessed  
puffing trees to get me high as trapeze  
flipping Japanese at ease when I'm stacking G's  
so let's discuss, plus degrees  
how the rhyme forces the source for thoughts that's  
lost  
so don't cross cause it'll cost  
the ghetto savior, smooth, the real playa with flavor  
moves be major  
with unexplainable behavior  
the word's on the street so keep your ears to the  
concrete  
[why, why, why I'm rather unique]

chorus [w/ ad-libs]
