Somebody's after me, I can't pretend to be
Something I know I'm not
And when they come for me - I'll just let them be
'Cause all that I need today, is all I need
Chorus:
I just wanna be thinking thoughts that I think
Dreaming my dreams and drifting within
I don't know where I'm goin'
But I know where I've been - so come on look within
Someone will always be more than I'll ever be
So then I'll be myself.
And when they come for me - I'll just let them be
'Cause all that I need today - I need today
Chorus:
I just wanna be thinking thoughts that I think
Dreaming my dreams and drifting within
I don't know where I'm goin'
But I know where I've been - come on, live your dream
(Guitar Solo)
Oh you're big enough - you're tuff enough, and now I
begin to see
Girl you've gotta, lay your love on me.

It's big enough - so far enough, and as far as my eye
can see
Girl you gotta, lay your love on me, lay your love on
Lay your love on - lay your love on me
Somebody's after me, I can't pretend to be
Something I know I'm not
And when they come for me - I'll just let them be
'Cause all that I need today, I need today
Chorus:
An' I just wanna be thinking thoughts that I think
Dreaming my dreams and drifting within
I don't know where I'm goin'
But I know where I've been - so come on, live your
dream
Like a bird without wings
Like a bird who don't sing
Like a fish on dry land
Like I'm swimmimng in sand
Like a bird without wings

Like a bird who don't sing
Like a fish on dry land
Like I'm swimmimng in sand
Like I've fallen for you
