You can paint my face  
Features you disguise  
The masquerade takes place  
Before your very eyes

Mirror me the way I mirror you  
Imitate the things that you do

I can change my look  
I'll dress up just like you  
Easily mistook  
Appearing like I do

Mirror me the way I mirror you  
Imitate the things that we do

Isn't many things that are free  
This one came to me  
I take it gracefully  
Nothing that I say or do  
Change a thing for you  
It's you who pushes through

Now I'm ten feet tall  
The world looks oh so small  
I can see it all  
From where I'm standing from  
And though a man must fall

The world is where he'll land  
When a man don't fly  
This world is where he'll stand

Mirror me the way I mirror you  
Imitate the things that you do
