Can you help me? Help me if you can
For I'm in need of a helping hand or some
understanding
I feel I'm sinking, sinking with the boat
Well, I'm trying to stay afloat, someone throw me some
hope

Can you help me to set my course?
I'm aiming for better shores
And when I get there I hope to find a key
To fit the lock and open up my mind

Please, throw me a line, I'm lost here in time
I'm locked in my mind, please, hold back the tide

I feel I'm drifting, drifting with the tide
I let the ocean be my guide, waves I shall ride
Then I'm sinking, sinking in the depth
And I'm trying to catch my breath but no breath is left

Can you help me to set my course?
I'm aiming for better shores
When I get there I hope to find a key
To fit the lock and open up my mind

Please, throw me a line, I'm lost here in time
I'm locked in my mind, please, hold back the tide

Life pushes hard when you're down
And we're all lost until we're found
Until we're found, until we're found

Please, throw me a line, I'm lost here in time
I'm locked in my mind, please, hold back the tide

And from nowhere, someone shines a light
And sends to me some sight, gives back some life
And she gave all that she can give
Gives me the will to live, loves eternal gift

So at last we meet again
Together now until the end

We are as one and all is saved
Now it's time to turn, turn the final page

Together we find a place here in time
Together in mind, always to shine

Two of a kind, two of a kind
Two of a kind, two of a kind
Two of a kind, two of a kind
Two of a kind, two of a kind

Two of a kind, two of a kind
Two of a kind, two of a kind
Two of a kind, two of a kind
Two of a kind, two of a kind
