Verse 1:

All as one in space
We're part of the same
All as one we wait
You wore out your stay

Last call
It's late
So long
As we all come together as one
One way
One heart
All a part of the pain

Chorus:
Give me that beat
Show your love
Out of your seat
Keep that beat on

Give me that beat
Show your love
On your knees
Keep that beat on

Give me that beat

Verse 2:

All as one we wait
You wore out your stay here
All as one in space
All a part of the same

Last call
It's late

So long
As we all come together as one
One way
One heart
All a part of the pain

Chorus: (x2)

Give me that beat
Give me that beat
Show your love
Out of your seat
Keep that beat on

Give me that beat
Show your love
So suddenly
Keep that beat on

Give me that beat
Show your love
Out of your seat
Keep that beat on

Beat
Love
Teeth
Keep that beat on

Last call
It's late
So long
As we all come together as one
One way
One heart
All a part of the pain.
