Doom da da da doomda doo da
Doom da da da doomda dee
Doom da da da doomda da da da da da

Stop everything
Look up to the sky
These cries
Solstice born
Thoughts of you

Doom da da da doomda doo da
Doom da da da doomda dee
Doom da da da doomda da da da da da

Stop everything
Look up to the stars
Sometimes you need them
Sunshine requiem

There's a hole in the southern skies tonight
As I watch you smile
These things that supposedly happen for reasons
Got none at all
All of your friendsâ€¦
They came to see the show
As I watch youâ€¦
Walking away with my heart and my smile (x2)

Hope that you find your soul
Hope you that there to remind me of mine
Hope that you find yourself again

There's a hole in the southern skies tonight
As I watch you smile
Leaves falling indefinitely after the season
Something small
All your friends they came to see the show
All those things I wish I didn't know
Someone teach me how let this go
Let it go
Walking away with my heart and my smile (x2)
