You make me fall down,
Break down,
Head under water, I can't breathe
Without you here, without you here

You take me backwards,
far a ways making it crazy,
I can't live without your love
without your love

Oh didn't see this coming,
I didn't see this coming away
Another moment away,
another moment without you
Oh without you,
Without your love

Oh didn't see this coming,
I didn't see this coming away
Another moment away,
another moment without you
Oh without you,
Without your love

I wasn't prepared to fold ears
Hearth full you I just cant believe
How deep I feel
And how you consume me

Oh didn't see this coming,
I didn't see this coming away
Another moment away,
another moment without you
Oh without you,
Without your love

Oh didn't see this coming,
I didn't see this coming away
Another moment away,
another moment without you
Oh without you,
Without your love

I have found, all in a~kay
All mater, Think to hide
I am expose, you canâ€™t see,
everything on me

Oh didnâ€™t see this coming,
I didnâ€™t see this coming away
Another moment away,
another moment without you
Oh without you,
Without your love
