Pour another glass of wine  
find a way to escape  
why should it be different today  
I'll talk myself to sleep  
and I'll make up the truth  
yeah, I'll tell myself that you  
you're just a little tired and you don't really mean it  
you still love me

I would say anything  
to get you to notice me, notice me  
I would say anything  
to get you to notice me, notice me

Are you trying to punish me  
for your many mistakes  
a past that you wish you could change  
tell me that I'm wrong  
all the things that you've said  
you never meant and now  
everything is better and I don't have to worry  
anymore

I would say anything  
to get you to notice me, notice me  
I would say anything  
to get you to notice me, notice me

Cause all I really wanna do is make you happy  
can't you see

I would say anything  
if you to notice me, notice me  
I would say anything  
to get you to notice me, notice me

I would say  
I'll do anything  
to get you to notice me, notice me  
I would say anything  
notice me
