"Make Me A Stone"

Visit "[Make Me A Stone](#)" on MotoLyrics.com

If I knew you where [sic] coming
I'd be home soon
And if I knew you where [sic] wishing
upon the same moon

I would walk out in the night
to tell you it's alright

Make me a stone
Make me a crown
Make me a child to bare through the storm
who can continue when I'm gone

Make me a tree
under the sea
Where I can climb and fall down
And we can sleep there on the ground
If I knew you where [sic] thinking
- to this one I am bound
And if I knew you where [sic] wishing
you should be on the same ground

Walk out in the night
and tell me it's alright

If I could see the things you see
If I could be inside your head
Would I only do the right things
and would you still be here?
