(Troll journey)

Hun lofter sitt blikk mot manen rund  
Trollferd gjennom skogen  
Alle de venter i innerste lund  
Trollferd gjennom skogen

Kom, ta i ring - og dansen vil ga hele natten

Latter og leven, balet blir tent  
Trollferd gjennom skogen  
Det bruser i tr'rne, det ventes spent  
Trollferd gjennom skogen

Kom, ta i ring - og dansen vil ga hele natten

Hun gar imot dem pa naken fot  
Trollferd gjennom skogen  
Hun vet at i natt teller hennes mot  
Trollferd gjennom skogen

Kom, ta i ring - og dansen vil ga hele natten

Stunden n'rmer seg, hun er klar  
Trollferd gjennom skogen  
Vinden stilner i alle far  
Trollferd gjennom skogen

Fang meg og fri meg, la dansen ga  
Trollferd gjennom skogen  
Fra alle kanter synges det na  
Trollferd gjennom skogen

Kom, ta i ring - og dansen vil ga hele natten

(ENGLISH)

She lifts her view to the moon round  
Troll journey through the woods  
Gathered they wait in innermost grove

Troll journey through the woods

Come, join the ring - and the dancing shall last the  
whole night

Laughter and liveliness, the bonfire is lit  
Troll journey through the woods  
There's rustling in the trees, and excited awaiting  
Troll journey through the woods

Come, join the ring - and the dancing shall last the  
whole night

She walks toward them on naked foot  
Troll journey through the woods  
She knows that she must be brave tonight  
Troll journey through the woods

Come, join the ring - and the dancing shall last the  
whole night

The moment approaches, she is ready  
Troll journey through the woods  
The wind dies down on every field  
Troll journey through the woods

Trap me and free me, let the dancing commence  
Troll journey through the woods  
From all directions the singing comes  
Troll journey through the woods

Come, join the ring - and the dancing shall last the  
whole night
