Little needle on my skin. Your injection counts me in.
1, 2, 3, 4. Like it was for free.
Come and take what you want from me, we can run at
the open fields.
You can have it - tonights mistery.

Look around, I'm your Stella. If you're not mine, but I
want you to be.
Standig here, beauty side. I could be yours, but do you
want me?

For my hart there's a simple code: Push it hard and it
will explode.
Give it to me, more than I can ought.

My lips are pink and my skin is white. Take me with you
and we leave tonight.
Listen to me, I will make it right.

Look around, I'm your Stella. If you're not mine, but I
want you to be.
Standig here, beauty side. I could be yours, but do you
want me?

The ashes of burning love. Come on hurry and take me
with you.
The ashes of burning love. Come on hurry and take me
with you.

Look around, I'm your Stella. If you're not mine, but I
want you to be.
Standig here, beauty side. I could be yours, but do you
want me?
But do you want me?

(Ashes, ashes. Ashes to gold)

Look around, I'm your Stella. If you're not mine, but I
want you to be.
Standig here, beauty side. I could be yours, but do you
want me?

But do you want me?
