Woo woo  
Now we've been talking for a while;  
And you got me tryin' to figure out  
Boy I don't know what to say to you  
But you got me feelin' some kind of way for you

And all I know is when we're together  
No one can make me feel the way you do baby  
I wish each moment can last forever  
It's hard to explain the way I feel for you  
(I just can't find the words)  
You got me loosing myself  
In what I'm trying to say  
And it's so hard to fight it  
Can't help but feelin' this way  
And every time that I'm near you it's like my heart gets  
weak.  
Feels like I'm loosing my breath makin' it hard to speak.

I just can't find the words  
Woo woo  
Just can't find the words  
Woo woo  
I just can't find the words  
Woo woo  
I just can't find the words

Now I know I come off kinda shy  
But it's hard to say what's on my mind  
The chemistry we have is hard to find  
But to find the right words it's going to take some time

And all I know is when we're together  
No one can make me feel the way you do baby  
I wish each moment can last forever  
It's hard to explain the way I feel for you  
(I just can't find the words)  
You got me loosing myself  
In what I'm trying to say  
And it's so hard to fight it  
Can't help but feelin' this way  
And every time that I'm near you it's like my heart gets

weak.

Feels like I'm loosing my breath makin' it hard to speak.

I just can't find the words

Woo woo

Just can't find the words

Woo woo

I just can't find the words

Woo woo

I just can't find the words

You got me trippin' over words u got me stuttering

And like a bad dream I'm callin' out but u don't hear me  
speak

And constantly I find myself in this predicament

So let me show you (show you) baby (baby) that actions  
speak louder than words

One time

Two times

Three times

Karina

You got me loosing myself

In what I'm trying to say

And it's so hard to fight it

Can't help but feelin' this way

And every time that I'm near you it's like my heart gets  
weak.

Feels like I'm loosing my breath makin' it hard to speak.

I just can't find the words

Woo woo

Just can't find the words

Woo woo

I just can't find the words

Woo woo

I just can't find the words

I just can't find the words

Just can't find the words

I just can't find the words

I just can't find the words
