Where do you start when you find that you have to pick
up the pieces
From a natural disaster (?)
Hey what you feel inside (?)
Just kills all the laughter
Oh no, oh no.
I keep replaying last time I was near you
& brightened your face (?)
With your heart are no clear view (?)
Can't believe you're gone

It's been a while but it feels brand new
You're a part of me I can't cut lose
I've done all that I can do except saying
Goodbye
So I guess I'm too afraid
(Goodbye)
Cause that word means you're memory fades
(Goodbye)
So instead I'm gonna say
Boy now,

I'll see you later.
(Please forgive be but it's all I can say)
I'll see you later.
(Please forgive be but it's all I can say)
I'll see you later.
(Please forgive be but it's all I can say)
I'll see you later.
But no, I won't say goodbye

What do you do, when you find all these moments
Should've been captured
If only you known it
You're the picture & my mind is the frame
Some days are good & some days could be better
But I keep on moving with the plans that we treasured
Damn it's hard to believe you're gone, gone

It's been a while but it feels brand new
You're a part of me I can't break lose
I've done all that I can do except saying

Goodbye
So I guess I'm too afraid
(Goodbye)
Cause that word means you're memory fades
(Goodbye)

So instead I'm gonna say
Boy now,

I'll see you later. I'll see you later
(Please forgive be but it's all I can say)
I'll see you later. I'll see you later
(Please forgive be but it's all I can say)
I'll see you later. I'll see you later
(Please forgive be but it's all I can say)
I'll see you later. I'll see you later
But no, I won't say goodbye

I still can't believe you're gone
But even though you're not here
I know you're looking down on me
I just gotta let you know
I'm gonna make you proud

So put your ones, put your ones up
If you lost somebody that you love
2x

Goodbye
But I guess I'm too afraid
(Goodbye)
Cause that word means you're memory fades
(Goodbye)
So instead I'm gonna say
Boy now,

I'll see you later.
(Please forgive be but it's all I can say)
I'll see you later.
(Please forgive be but it's all I can say)
I'll see you later.
(Please forgive be but it's all I can say)
I'll see you later.
But no, I won't say goodbye
2x
