Verse 1:]

I'm crying inside, but filled up with pride
I won't let them see, no tears in my eye
I'm mad at the world, it can be so unfair
The judgment, the jealousy, still I'm not scared
I'm focused, determined, I'm ready to win
The critics I see, won't doubt me again
Darkness is gone, I'm ready to shine
Right now it's victory time

[Chorus:]

They can't bring me down, no
Test me, I know they will try
But they won't bring me down, no
I know what I'm made of inside
They can't bring me down, no
It ain't over until the last round
Will they bring me down? no
If I stumble I won't hit the ground
They can't bring me down

No me van a derribarÃin

[Verse 2:]

My hearts beating hard, my adrenaline's high
I'm raging like fire, I aim at the sky
Cus I know what I want, I'll rewrite the rules
I know my value, I'm Gods precious jewel
I've given my heart, to the dream that I chose
It's time to turn back, I simply refuse

I'm flying high, over the wall
Try and catch me, but I'll never fall

[Chorus:]

They can't bring me down(oh), no (no)
Test me, I know they will try
But they won't bring me down(oh), no(no)
I know what I'm made of inside
They can't bring me down(oh), no(no)
It ain't over until the last round(over until the last
round)

Will they bring me down(oh)? no(no)
If I stumble I won't hit the ground
They can't bring me down(They can't bring me down)

(They)
(Can't)
(Bring)
(Me)

[Music break]

[Chorus:]
They can't bring me down(oh), no (no)
Test me, I know they will try
But they won't bring me down(oh), no(no)
I know what I'm made of inside
They can't bring me down(oh), no(no)
It ain't over until the last round(over until the last
round)
Will they bring me down(oh)? no(no)
If I stumble I won't hit the ground
They can't bring me down(They can't bring me down)
