Now first things first, boy let me tell yah  
I ain't feeling the way I'm being treated  
Lately yah conversations misleading  
An I really been tryna be patient  
You trip when I ask you where you been?  
Stumbling over words I think yah lying  
I ain't bout to sit around crying  
Now I ain't putting up with it, cause

I know I can  
(Yes I can)  
I know I know I can  
(Do...)  
I know I know I can  
I know I can do better  
(Yes I can)  
I know I can  
I know I know I can  
(Do...)  
I know I know I can  
I know I can do better

Now you got me out here looking crazy  
I'm to fly to let you play me  
Boy keep showing off it's gone be easy  
I'm glad now I can see clearly  
That you were never meant for me  
An I'm glad I got my heart outta your way  
Can't give me one good reason to stay  
Boy I'm so over you

Life's to short to be wasting my time  
Better upgrade an get on with my life  
It's bout time I realize  
That you'll never get it right  
I must have really been out of my mind

Everything you said turned out to be a lie  
And it's a shame I can't even see  
That you never did deserve me  
Cause...

I know I can  
(Yes I can)  
I know I know I can  
(Do...)  
I know I know I can  
I know I can do better  
(Yes I can)  
I know I can  
I know I know I can  
(Do...)  
I know I know I can  
I know I can do better

You let me down  
Look at us now  
Boy I don't want you around  
Can't look you in your face  
What we had was ah mistake  
Stupid me to believe  
We be together for always  
I know you'll never change  
So there's nothing to say

(Yes I can)  
I know I can  
I know I know I can  
(Do...)  
I know I know I can  
I know I can do better  
(Yes I can)  
I know I can  
I know I know I can  
(Do...)  
I know I know I can  
I know I can do better

I'm so over you  
You ain't gotta worry bout me no more  
Never again  
Never again  
Ohh oo  
Ohh ooo
