What's with the stupid shit?
And what you doing hanging out all night for?
You're such an asshole, boy you make me sick
But when you give it to me good it's like a perfect fix,
damn
I love you so
But you be acting nonchalant until you see me in these
songs
Then it's, "Can't let you go"
You better make up your mind
Boy, you getting on my nerves
And I ain't finish yet
See, why you always trying to play me when it's your
fault?
You must be kidding me
Left me some bullshit message on my birthday
Make me want to slap you in the worst way
Boy you so dim and we're fading
But your love makes me feel so amazing, goddamn
I'm going in, but I don't even care
I know you think I'm crazy, but boy you just got me
feeling like

[Chorus]

Oh, I love you so
But why I love you, I'll never know (Just got me feeling
like) x2
Oh, I love you so
But why I love you, I'll never know x2

By the way, I know you back with her
I saw that spiteful little message on her twitter page
Don't she know that I'm a superstar?
And I could put your business out front, center stage
So why you playing?
Cause you don't really know what I'm about
But I ain't got time for you wicked games
So come and see me if you want to, boy
Bet your ass feel real dumb when you hear this song,
yeah
And it's not that I don't love you 'cause I do, yes I do
But if it hurts then I don't really care, I just wish that I

was over you
Got me feeling like

[Chorus]

[Bridge]

I hate you, I miss you
Life didn't throw me a curve ball, threw me as a
slingshot
With my feet crazy, couldn't tumble, I wouldn't stop
Now I'm back on the ground, still I can't believe how
What I'm seeing goes but so far like the headlights on
a car
But I'm over it, yep I'm over it, done
Should've seen this coming back when I wasn't the one

[Chorus]

Oh, I love you so
But why I love you, I'll never know (Yeah, I wasn't the
one, the one you chose)
Oh, I love you so
But why I love you, I'll never know (No, but I love you so)
Oh, I love you so
But why I love you, I'll never know (I love you so, I love
you so, but I will never know)
Oh, I love you so
But why I love you, I'll never know (Just want to go, away
from you)
