My heart he takes
He'll always be my baby
We may bend, won't break
What we got no one else can take
He's the sun when my day is low
I'm his fan cheering from front row
His love is the center of my attention (oo oo)
See y'all don't know what he'd do for me
That guy is my everything
We argue, we fight
Then we make up by the end of the night
Dont even speak it, speak it
We know what we got

And i love him, he loves me
And this is how love should be
I'm down for the love that he got that, that he got
And he stays down for the love that we got, that we got
i love him, he loves me
And this is how love should be
I'm down for the love that he got that, that he got
And he stays down for the love that we got, that we got

He's embedded in Myspace
Every time he speaks, he blows me away
Don't care what people say
As long as he's in the same place where I lay
See I'll be his echo
I'm his princess, he's my general
And no matter what you think about love
Time won't outlast us
See y'all dont know what he'd do for me
And I'm telling, you he's my everything
We argue, we fight
Then we make up by the end of the night
Y'all dont know what we got

And I love him, he loves me
And this is how love should be
I'm down for the love that he got that, that he got
And he stays down for the love that we got, that we got
I love him, he loves me

And this is how love should be
I'm down for the love that he got that, that he got
and he stays down for the love that we got, that we got

The miles I'd walk for him are infinite
I'll run circles around the world
And everyday I'm beside him, feels heaven sent
And all else is irrelevant
So keep on exuding your love onto me

And i love him, he loves me
And this is how love should be
I'm down for the love that he got that, that he got
And he stays down for the love that we got, that we got
I love him, he loves me
And this is how love should be
I'm down for the love that he got that, that he got
And he stays down for the love that we got, that we got

And i love him, he loves me
And this is how love should be
I'm down for the love that he got that, that he got
And he stays down for the love that we got, that we got
I love him, he loves me
And this is how love should be
I'm down for the love that he got that, that he got
And he stays down for the love that we got, that we got
