Verse

Life is so unpredictable
People come, people go
Is there anything that's for sure?
You don't know, I don't know
In a world where we don't believe, in fairy tales, they
don't come true
It's good to know in your time of need that you've
got something to hold onto

Chorus

I can't promise the moon
I might just play out of tune
But I will always be true, this is my promise to you, this
is my promise to you
I'll be the light that shines through your darkest days
The one true voice that you won't mistake
When you're lost, I'll be a familiar face
This is my promise to you this is my promise to you

Verse

What becomes of a broken heart, where does it go?
Where does it go?
Will it heal or just fall apart, you don't know, I don't
know
You can't be afraid to try when you fall you can get up
again
All that you need to know is that you're not alone I'll
be your friend

Chorus

I can't promise the moon
I might just play out of tune
But I will always be true, and this is my promise to you,
this is my promise to you
I'll be the light that shines through your darkest days
The one true voice that you won't mistake
When you're lost, I'll be a familiar face
And this is my promise to you this is my promise to you

I'll be the sweet remembrance of days gone by

The song that comforts you when you cry
Until the end Iâ€™ll be by your side
And this is my promise this is my promise to you
I donâ€™t know what else to do
This is my promise to you
