Holy Moses  
Asleep in his basket  
Encountered a question  
But he couldn't ask it  
Nor could he answer  
In baby sighs and baby cries  
At least he heard no doubt  
At least he heard no lies  
Holy Moses

Holy Moses  
Afloat on the river  
Swaddled in big ideals  
Surrounded by water  
Too big for his tiny hands  
And tiny heart  
But in his eyes the size  
Of all he would later part

CHORUS  
Somebody told him  
"Here's a thing you cannot do"  
He did it anyway  
Just to prove it was not true

Holy Moses, Holy Moses

Holy Moses  
Is it any wonder  
That somebody raised upon  
Secrets and undertows  
Would know all the ways  
To reveal what is hidden  
And would be the one who conveys  
All that's forbidden?

CHORUS X 2

Holy Moses, Holy Moses
