I saw this girl inside the club
Yo homie, you're in my way
So I stepped right up to her
And asked her if that's her man

She said no and proceeded to chat
So I just let her stay to tell her that
She's everything that I want
And I take her away

She rides up in my Carrera
Feels me, she wants me, she holds me
Her body's like the Sahara
So soft and so curvy, revealing

She's looking in the mirror
Eyes catch me watching and flirting
She rides up in my Carrera
She feels me, she holds me, she wants me

I click 80 on the dash, now I'm on the road
We're going real fast, she ain't takin' it slow
Things about to burst when I be rockin' da show
Drama about to start right now, up in my ride

So here we go, let it flow
She's out with me layin' low
Freaky deaky, let it be
What she doin' next?

She rides up in my Carrera
Feels me, she wants me, she holds me
Her body's like the Sahara
So soft and so curvy, revealing

She's looking in the mirror
Eyes catch me watching and flirting
She rides up in my Carrera
She feels me, she holds me, she wants me

Your baby's home, she's all alone
And you're makin' this a cloudy day

She texts your phone, she moans and groans
You made it as if didn't see a thing

You did receive, you made believe
That you were checkin' out your boy's new whip
Suddenly you at another parking lot
And she's up in yo

She rides up in my Carrera
Feels me, she wants me, she holds me
Her body's like the Sahara
So soft and so curvy, revealing

She's looking in the mirror
Eyes catch me watching and flirting
She rides up in my Carrera
She feels me, she holds me, she wants me

She rides up in my Carrera
Feels me, she wants me, she holds me
Her body's like the Sahara
So soft and so curvy, revealing

She's looking in the mirror
Eyes catch me watching and flirting
She rides up in my Carrera
She feels me, she holds me, she wants me right now

Carrera, Carrera, Carrera, Carrera
Carrera, Carrera, Carrera, Carrera
Carrera, Carrera, Carrera, Carrera
Carrera, Carrera, Carrera

She rides up in my Carrera
She rides up in my Carrera
She rides up in my Carrera
She rides up in my Carrera
