Yeah, check it.

Tonight I'm gonna find me a shawty,  
Freshest thing in the club,  
In the club,  
Who wanna beat that thing?

But first I gotta get me some love,  
Get me some love,  
I'm lookin' at this singer dance,  
And like a video picture she moves,  
She moves,  
She said her man won't be here tonight,  
That's when I made my move,

I want one thing and I know how to go about it,  
If I play my cards right,  
One for my money, my fancy cars,  
Girl you know I'll treat you like a star,

I want one thing and I know how to go about it,  
If I play my cards right,  
She ain't givin' me what I want,  
But then then she hands me on my berry and tells me,

I wanna go, straight to the bar,  
Doing shots shots all night 'til I fall,  
I wanna go, straight to the bar,  
Doing shots shots all night 'til we fall,

And she's connected, connected, connected, to me,  
And she's connected, connected, connected, yeah,

Swagger on deck, hat on tilt,  
If you're looking at my girl you better smack yourself,  
'Cause you ain't getting money if your stack's on her,  
Little boys spending all of daddy's bankroll wealth,  
Fresh in my tie a desire when I'm journey,  
If you got a problem with it speak to my attorney,  
Ride 'round the bands and the bands full a shirt and  
??

And girl don't be acting all prude,  
I got pictures on my phone of you acting all nude,  
And don't think the dudes be acting all you,  
'Cause everybody know that your package all used,  
Well connected, phone up on my washer,  
Me and ? do this shit proper,  
Shots of that vodka feeling just like a monster,  
I'm well connected like Nokia is my sponsor,

I wanna go, straight to the bar,  
Doing shots shots all night 'til I fall,  
I wanna go, straight to the bar,  
Doing shots shots all night 'til we fall,

And she's connected, connected, connected, to me,  
And she's connected, connected, connected, yeah,
