Oh baby, this time it's a good-bye  
And you can be sure that I won't cry  
Our love is just a faded story  
I'm walking down the road  
And you've just got to let me go

CHORUS

Cause I can't hold on  
I can't hold on  
I can't hold on anymore

And what was that sweet lullabye  
And were all those promises just lies  
Well, I was just a fool to love you  
I knew it all along  
I can't look down, I know I'm falling

CHORUS

When you act the way that you do  
I want to scream and shout  
You keep on playing games  
I walk around the block  
And think maybe you'll change  
But just when it seems we've got it all worked out  
You start naming names  
I don't believe that I was the one to blame

Any maybe next time you'll cry  
When someone like me says good-bye  
You'll wake up when she's gone and wonder  
How you could let her go  
But look at me, I'm going under

CHORUS
