Ey ey ey ey
Ey ey ey ey
Oh oh oh oh
Oh oh oh ohhh

Never seen it coming
That you would be gone
And I know that you'll be back for me
You'll come back to me I know you will
Life is so empty without you
And without you there is no me
And the only way that I can go on
Is if I wait for you

Everyday I pray that you'll come to me
I just believe that him upstairs won't let me down
Yeah so
I'll wait forever
I'll wait forever
And I'll wait on the silent without food or water
Praying for your ship to rescue me
I'll wait forever
I'll wait forever
Even though you're miles away from me
I will still be right here
I'll be waiting

Everytime I try to move on
Something inside of me is always holding on
Thinking about these special things we did
Reminiscing on memories
Since you've been gone
My life hasn't been the same
Coz my heart won't
It won't let no one in nooo
And I don't see myself go on
Unless I wait for you

Everyday I pray that you'll come to me
I just believe that him upstairs won't let me down
Yeah so
I'll wait forever

I'll wait forever
And I'll wait on the silent without food or water
Praying for your ship to rescue me
I'll wait forever
I'll wait forever
Even though you're miles away from me
I will still be right here
I'll be waiting

The night is falling
Wish you were calling
I feel all alone
O oh
This fog surrounds me
They still can't find me
I'm heading in the wrong
Direction
This world is magic
Yeah
This girl is magic
So I dream of you
In a sea of blue
You're my one and only

I'll wait forever
I'll wait forever
And I'll wait on the silent without food or water
Praying for your ship to rescue me
I'll wait forever
I'll wait forever
Even though you're miles away from me
I will still be right here
I'll be waiting [2x]
