[Chorus:]

My top is down and I am flying
The world around you is feeling perilous
She saddles up and starts rocking
I'm just a moment away
She's just a moment away

I'm Ballin and you're fallin
I'm drivin:I'm almost there now
I'm speedin, and you're feelin'
My power, you're almost there now

It's 3AM I need to know
Of you will take a ride with me
Explainin that I got to go
I knew she'd entertain that theory
The valetto the car we roll
I'm sensin that she'd like to feelme
But girls sometimes are shy you know
But never when we're rollin' In the see Z4

[Chorus:]

My top is down and I am flying
The world around you is feeling perilous
She saddles up and starts rocking
I'm just a moment away
She's just a moment away

I'm Ballin and you're fallin
I'm drivin:I'm almost there now
I'm speedin, and you're feelin'
My power, you're almost there now

And now she's gone out of her way
To make everything you need
She's breaking up the moment with your greatest
enemy
And she's falling from grace
And I'm not in a state to be that strong
I'm just a moment away

[Chorus:]

My top is down and I am flying
The world around you is feeling perilous
She saddles up and starts rocking
I'm just a moment away
She's just a moment away

I'm Ballin and you're fallin
I'm drivin:I'm almost there now
I'm speedin, and you're feelin'
My power, you're almost there now [x2]

[Chorus:]
My top is down and I am flying
The world around you is feeling perilous
She saddles up and starts rocking
I'm just a moment away
She's just a moment away

I'm just a moment away
She's just a moment away [x2]
