If you were truly mine
What our lives would be like? Makes me wonder
Don't you wonder?

Girl, I gotta let you know what's goin' on in my head
'Cause now I'm a different man with the life I lead
instead
It's you who turned my life around
It's you who picked me up when I was down

I never thought I'd fall in love till you made me
understand
Fate took me by the hand and gave me a second
chance
To show how good life could be
To know forever you and me

I'm movin' on and I'm never looking back
Girl I'm never losing track, girl I'm never losing track
You can be straight and I'm so grateful for that
Girl I'm so grateful for that, you know

If you were truly mine girl, makes me wonder
Would you stick by my side girl? Makes me wonder
What our lives would be like? Makes me wonder
If you were truly mine, don't you wonder?

She takes over my life every time I'm around her
What I feel in her vicinity makes me wonder
If you'd be there from the start, girl we'll never be apart
Feels like cupid struck my heart

I'm movin' on and I'm never looking back
Girl I'm never losing track, girl I'm never losing track
You can be straight and I'm so grateful for that
Girl I'm so grateful for that, you know

If you were truly mine girl, makes me wonder
Would you stick by my side girl? Makes me wonder
What our lives would be like? Makes me wonder
If you were truly mine, don't you wonder?

Yo, yo, truly a picture to behold, my Mona Lisa
Love at first sight turned me into a believer
Got them miles reserved just for them angels
God must've made an exception when he made you

Hair impeccable, nails immaculate
No hair brush, picture perfect and accurate
You should get to know me and we can take it slow
Instead of me dreamin', wonderin' how things could go

We can do whatever, dinner after the show
Talk on cell phones all day when I'm out on the road
Walks on the beach, live out sweet clichés
But this ain't a real thing, damn what a shame

Will I have to keep dreamin' or will anything change?
Maybe I'll get the courage to just ask for your name
You clearing my skies from the rain clouds and the
thunder
But for now all the brother can do is wonder

I'm movin' on and I'm never looking back
Girl I'm never losing track, girl I'm never losing track
You can be straight and I'm so grateful for that
Girl I'm so grateful for that, you know

If you were truly mine girl, makes me wonder
Would you stick by my side girl? Makes me wonder
What our lives would be like? Makes me wonder
If you were truly mine, don't you wonder?

Makes me wonder, makes me wonder
Makes me wonder
