Culture Boy

Lady I

She's a maniac, maniac on the floor(on the floor)

And she dancin' like she's never danced before(like a dancin' queen)

She's a maniac, maniac on the floor (on the floor)

And she dancin' like she's never danced before(like a dancin' queen)

Attention everything about you attracts attention

When she moves up in that creation

Lights the room when she dances

Into my soul, this girls a soulja

Took her lips, so n soulga

As it into my soul

(Like a dancin queen)

She's a maniac, maniac on the floor(on the floor)

And she dancin' like she's never danced before (like a dancin' queen)

She's a maniac, maniac on the floor (on the floor)

And she dancin' like she's never danced before (like a dancin' queen)
