Karl Wolf Juicy J and Three 6 Mafia
It's going down
UGP
yeah
Let's go [x4]

Oooooooh
Heyyyyy
Oooooooh
Heyyyyy
Oooooooh
Heyyyyy
Oooooooh

[Chorus:]
My ears are rocky
And my wrists are froze
Champagne in my glass
I'm surrounded by OH!
You know You know
You know that I mash it up
You know you know
You know that I mash it up [x2]

Yo Hey Hey Hey

I don't care who you are
What you do
Or who you with
Tonight we party
And I'm on my base shit
These girls are flashy flashy
Spinnin spinnin outta control
I ain't gonna stop this party cause I'm
Fuckin' rock n roll

Last call for alcohol
I'm a shut this motherfucka down
Don't stop till the sun come up
Cause I'm gonna turn this party
Up

[Chorus:]

My ears are rocky
And my wrists are froze
Champagne in my glass
I'm surrounded by OH!
You know You know
You know that I mash it up
You know you know
You know that I mash it up [x2]

Yeah

These chicks are stupid crazy
Got me on the bar getting wasted
I feel like the incredible hulk
Cause I'm about to break shit
From the dance-floor
To the window
To the wall
Hey hey I run this shit
Now stop
Excuse me all

Last call for alcohol
I'm a shut this motherfucka down
Don't stop till the sun come up
Cause I'm gonna turn this party
Upp

[Chorus:]

My ears are rocky
And my wrists are froze
Champagne in my glass
I'm surrounded by OH!
You know You know
You know that I mash it up
You know you know
You know that I mash it up [x2]

Five chicks
Twenty bottles
And I'm back out loud
I'm on some raw-star shit
I'm jumping in the crowd (You know it)
It's stoner's night (You know it)
It's stoner's night (You know it)
Twenty rocks I'm in Vegas
With some Nigger's wife
Take a freak
To the playboy Suite

Room Service
Two dig me
Always rose with the paparozz
Take a seat
Take off the clothes
Do my groupies from the shows
I don't buy bars
I own the floor
I get higher than an airplane
Juicy J is the new Rick James

[Chorus:]
My ears are rocky
And my wrists are froze
Champaigne in my glass
I'm surrounded by OH!
You know You know
You know that I mash it up
You know you know
You know that I mash it up [x2]
