Never be my girl,
Never be my girl again,

Hey
Hey
Hey
Oh,

Hey
Hey
Hey
Oh

Welcome to Toronto it's so cold I'm undercover,
This ain't no Hollywood but shawty for a cover,
You heard my song Peace Out for my hussies,
Africa never work out now you lose it,

When I gave you half the world you were very,
Then I fell into some money problems so you left me,
And for all the shit I'd given you girl,
You move my world,

You gave me a hand, held me up high, watched me go
down,
Now you trying to play nice,
Puppy eyes pouty lips won't work,
All I gotta say is no way,

Shawty don't come back,
Get it all no way,
I'm never taking you back no way,
I'm getting down with my homies in the motel now,
Do you hear me?

Shawty don't come back,
Get it all no way,
I'm never taking you back no way,
'Cause I got money in my pocket and I have it,
I'm at the number one spot I'm on top of the world,

Yo

I know you'll be what will you be acting city,
'Cause you always focus on the nitty-gritty,
You instigate every single fight,
You become a fool falling for your lies,
Shut up now go home,
Sometimes you just got to leave a brother alone,
Surrender, you pretender,
Now you forgot, I'mma make you remember babe,

You gave me a hand, held me up high, watched me go
down,
Now you trying to play nice,
Puppy eyes pouty lips won't work,
All I gotta say is no way,

Shawty don't come back,
Get it all no way,
I'm never taking you back no way,
I'm getting down with my homies in the motel now,
Do you hear me?

Shawty don't come back,
Get it all no way,
I'm never taking you back no way,
'Cause I got money in my pocket and I have it,
I'm at the number one spot I'm on top of the world,

hey
hey
Top of the world,
hey
I'm never taking you back,
hey
number one spot
hey
I'm on top of the world
hey

You gave me a hand, held me up high, watched me go

Now you trying to play nice,
Puppy eyes pouty lips won't work,
All I gotta say is no way,

Shawty don't come back,

Get it all no way,
I'm never taking you back no way,
I'm getting down with my homies in the motel now,
Do you hear me?

Shawty don't come back,
Get it all no way,

'Cause I got money in my pocket and I have it,
