She kicks in the bass  
She kicks in the bass  
She kicks in the bass

She's moving like a snake  
She makes your body shake  
She makes up in your face  
(She kicks in the bass)

She gets down on the floor  
Starts to put on a show  
Wearing nothing but lace  
(She kicks in the bass)

She's breaking it down  
Troops on the ground  
She's blowing all the competition  
Pound for pound  
(She kicks in the bass)

She's rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)  
Rock 'n' roll

She vibes to the beat  
She's got that mystique  
And makes her way out the club  
At quarter to 3  
(She kicks in the bass)

She's rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)  
Rock 'n' roll

Ah, ah, that body  
Ah, ah, that face  
Ah, when you feeling the high  
(She kicks in the bass)

Ah, ah, that body  
Ah, ah, that face  
Ah, when you feeling the high  
(She kicks in the bass)

Now I'm the type of cat  
That appreciates the chase  
She's so surprising with the way that  
(She kicks in the bass)

I'm loving her on me  
When she's getting up in my face  
Now she's the one that  
I gotta find a way to adjust to

She's breaking it down  
The troops on the ground  
She's blowing all the competition  
Pound for pound  
(She kicks in the bass)

She's rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)

Rock 'n' roll  
(You know it)  
Rock 'n' roll  
(She kicks in the bass)

She vibes to the beat  
She's got that mystique  
And makes her way out the club  
At quarter to 3  
(She kicks in the bass)

She's rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)

Rock 'n' roll  
(You know it)  
Rock 'n' roll  
(She kicks in the bass)

She's rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)

Rock 'n' roll  
(You know it)  
Rock 'n' roll  
(She kicks in the bass)

When this girl's around  
People fall on the ground  
They sit back and watch her walking  
With her only lover  
(She kicks in the bass)

And she's so fine  
She's a bad mama jama  
She rocks your whole world  
And then takes off  
(She kicks in the bass)

She's rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)

Rock 'n' roll  
(You know it)  
Rock 'n' roll  
(She kicks in the bass)

She's rock 'n' roll  
(You know it)  
Rock 'n' roll  
(You know it)

Rock 'n' roll  
(You know it)  
Rock 'n' roll  
(She kicks in the bass)

She kicks in the bass  
She kicks in the bass
