"Just Be Good To Me"

(Feat. P. Diddy)

Friend keep saying that you're crazy totally
It's not wired at all
What they believe is not what I see
You keep saying just be good to me
I keep running up and down the town
And I almost think that you're moving around
And your friends keep making this roomers every day
and every night
That is bad
And if you can't see what you mean to me
Than you don't see that every breath you take me is the
world for me
Soldiery
They keep saying that you waste my time
You keep saying that you gate be mine
Let it be what it's got to be
And baby girl just be good to me

Friends tell me I am crazy and I waste still time with you
You'll never be mine
That's not the way I see it cause I feel you're already
mine
Whenever you're with me
People always talk about repetition
I don't care about your other girls
Just be good to me!
Friends are always telling me, you're a user
I don't care what you do to them
Just be good to me!

People always talking about repetition
Try to handle the situation
I get really nervous Yes indeed
Don't you know you're the one I need
Baby I am here to stay
Sooner or later I find my way
All this words because your Friends always chase the
other race

Face to Face

What am I supposed to do when you come on strong
Sure that I really did something wrong
Bye bye bye
Riding with your Girlfriends all around Baby just brings
me down
Let it be what it's got to be
And baby girl just be good to me Friends seems to
always listen to the bad things that you do
You'll never do them to me
Uhuhu...
You may have many other
But I know when you're with me
You are mine
Uhuhu...

People always talk about
Repetition
I don't care about your other girls
Just be good to me
Uhuhu...
Friends are always telling me you're a User
I don't care what you do to them
Just be good to me!
Uhuhu...
