How do you sleep keep hiding all the truths you held
from me?

If silence is golden you're bound for riches baby.
Now I see your true colors, and that smile only goes
skin deep.

I've become accustomed to cold shoulders and cut
ties,
You lead me on but you never ever leave me behind.
You're too faced to even see straight,
You bring the glass heart baby and I'll bring the
earthquake.

With these words I'm behind your back tonight,
Keep running and the truth will never catch you atleast
that's what you think,
Well your dead wrong and I'm alright without you,
I'm never coming back anyway so don't wait up by the
phone,
If you think I'm calling then I'm calling you out of your
mind.

I'll take these words to my grave,
I hope you'd the same for me.
So why are you so afraid?
You've failed to keep your conscience clean,
Don't come back to me, don't come back to me,
Fall to your knees, fall to your knees.

With these words I'm behind your back tonight,
Keep running and the truth will never catch you atleast
that's what you think.

I'm all ears and your lips are sealed,
Keep me waiting baby that's what it's all about.
I'm all ears and your lips are sealed,
Keep me waiting baby that's what you're all about.

Oh, We'll bring the earthquake, start running.
Oh, We'll make the ground shake, we're coming.

I'm all ears and your lips are sealed,
Keep me waiting baby that's what it's all about.
I'm all ears and your lips are sealed,
Keep me waiting baby that's what you're all about.
