First of all, giving honor to god
Second of all, I'm taking all niggas checkin for y'all
Perfecting my effort and stackin in the representative
From now on, rappers best adress me as his excellence
Still the same dude from back in the day that change
you

Taught you niggas not to rap that way, to act that way
That should twerk, I'm at that k
Baby girl move the work for a mac that pay
And stack that pay
We could hit the road, you could come up
The backpack way
Grab your napsack, some clothes and a few fishing
poles
All that money in that bag
It ain't hard to get a chick to roll
So why you ask us in enduckin me
Like a real snake
Me and baby bash, freshen up and clear like
Set up the tent, like fuck the rent
I'm backpack, y'all don't know who you fuckin with
Guess me and your...me writing timothy
Why you sending me demos, trying to get in the
industry
Well good luck, produce yourself
You see that high gold chain you know the thang is
tough
Gonn fuck I put a light on the end of my shit
So they could see the light before and after they get hit
Like fuck pay me bitch

I'm casual cash, I'm drown up in this excelence
I'm smash rock wellington
I got guns in my closet, y'all niggas got skeletons
The way I spit it, you can tell it's just as excelence
Don't be mad when the backpack I ball with you bitches
They feel it in they throat like horseman...
Done with this bullshit, I'm facing the facts
To hold me back, it's gonna take a nation of raps
Huh, a league of incredible men to meddle with him

GPS tracking down a letter again
Eyes filled with blood, the fire start spitting
Now bitches bout to start can victims outs
Bring the cipher to a whirlwind then
Get under your skin with the ink of 100 pins
You don't think, listen, I spit unique
Put your ear to my ass cause my shit sound sweet
Hold it son, calm down cause I'm rolling one
Jake this a hole in one

If I ain't the best on the west, then who is?
Email me and tell me set it up
You can meet me at the caliraps, the stage off the dali
It will be your slider
I get it hotter than somalia, for roughing out audio
I got a shawty to bother ya, and top model hotties...
Straight from oak, international, with your niggas
casual.
