Consider this me calling you out,  
I've had a few setbacks but I'm back and better than  
ever,  
Hunny you say you can make it rain,  
But I can bring thunder to the brightest of days,  
You've gotta learn your place or just tell it to my face,  
I never though it'd be this easy but I'm gone without a  
trace,  
Baby I've got all day so say what you wanna say,  
Save it for the dirt, cause you're digging your own  
grave.

I know why you're leaving,  
You sold me out,  
Don't tell me where you're going,  
You sold me out.

Maybe we crossed that bridge too early,  
I was waiting till we got there,  
You are weaker than I thought.

I think that the truth is you realized you're scared,  
And I've come to realize I'm someone who cares way  
too much.

I'd bite my tongue,  
Cause you were a liar when you were younger,  
Girls like you make up or make out,  
It always comes to this and my,  
Heart attack - take me back,  
Give me one more try, I hope you see him tonight,  
Baby put some ice on his black eye,  
Cause I'm leaving town tonight.
