My nigga independent business man, yeah,
You know what I mean?

Yeah, it's jake one on the high here
And I'ma get it, cause it's like that

I know all the ladies like that
Now if you see me in a party
Just show me where the mike at
Hey, I be right back, now light that jay cause
I snatch your cable and leave a grey fuzz
I'm in the bay like sturgeon and purchase
In the studio, hurting your verses
Cause you be so caught up in trends
From new songs to the movies so
I'm kicking back, tryina watch the bubbles in the jacuzzi
blow
My niggas is independent bizness men
With dangerous minds like coolio
You end up changing your mind
I said jay gotta give it to them one more time
Give them something that will make em recline
He said wait, did he whip out a track like this
What you tryina bring me back like this
I got spitters, and a whole crew of hot niggas
But I'ma spit it for the kendrid who not with us
So they can rock with us

[Hook]
Everybody put your hands up like this
This ain't your average sound this
Is love and you should knock it and do it on your pocket
Don't let break days get you down
They'll be too many to count
But count on me and this beat
We gonn move your feet now

For everybody who couldn't find this event
Text message I'ma tell em, you're missin your shit
I'm magneeze to kill the president's hope
The only reason why you never heard of me

Is cause they didn't promote
But now listen to the buttery rhymes set sales
To seek another discovery
I hover like angels, over dudes who see from bad
angles
Cast that bangle, that ...weed, will get caught up and
tangled
To folks get strangled, it's hard to keep a team
together
I mean forever, forever, ever, ever
Since the ...niggas swear to never let out
I spit a barn and a ghetto, I'm ...for berreto
Raw any level, y'all should give me a medal
For most consecutive verse that reck shit
If your perspective is clear, I'm what you hear
I guarantee album of the year, yea right here
If your perspective is clear, I'm what you hear
I guarantee album of the year, yea right here
