World full of lies,  
its all in mind,  
they've planned to escape  
but I dont have the time  
(too...)  
(ooooo.... oooo....)

Taking vows without regret  
(ahhhh....)  
Not remembering what I forget  
Wathingtime slip away  
through my window..  
(ooooo..... oooooooo....)

[Chorus]  
Complications  
confronting me  
cant you all see when...  
you dont believe..  
Conversations  
with time and fate----  
(Ahhhh.....)

World full of death  
said beneath my breath  
coming close, getting far away  
all in my head

[Bridge]  
Cannot see whats  
hurting me in many  
different ways  
Youll see in the end  
what it pays

[Chorus]  
[Inst.]  
[Chorus]  
[Chorus no music, dist.]
