I had thought  
we were fine  
these things inside  
just hers and mine  
but something I said  
Just went wrong

(And...)

[Chorus]  
Its Over Now  
I just gave up my  
One true love  
My feelings just  
cant compare  
to those that other  
lovers share.

Now did she  
really care?  
Did her heart know what  
I did share?  
Something came and tore us apart,  
It came and ripped out my heart!

[Chorus]

[Instrumental]

[Repeat 1st Verse]

[Chorus 2x]

[Mini-Instrumental]

(My One True Love-----)

ITS OVER NOW!!!-----
