I tried to make it but I failed  
The world came crashing down and everything  
derailed  
Tried to go without you for a day  
But I figured out that I can't live this way So I'm...

(Chorus)  
Calling you back  
Calling you here  
Calling on your heart my dear  
I made a mistake  
And sealed the break  
And I acted out in fear  
Haven't you heard?  
I'm living to learn  
And I've learned that I can't live without you here

We had it in, we had it out  
Think we both forgot what we were fighting about  
I said those words I didn't mean  
They made you leave, and I can't breath, and now all I  
can do is scream...

Chorus

It's not to say I can't be on my own  
I have lived most of my life walking alone  
But all that changed since you came around  
You're by far the best thing that I've found...

Chorus
