Verse:

You spoke the words, the room dropped 10 degrees
Suddenly I start to freeze
The air is thin, it's hard to breathe
How should I react? Where to begin?
The walls are slowly cavin in
It's dangerous this state I'm in
Then you try to explain your deed, as I stand here and

Just give me some time, I need to close my eyes
I'm doin just fine, and I'll be all right
Don't worry I'm fine, as I leave the world behind
Don't touch me I'm shaking, can you hear me
breaking?
Yet somehow I'm still standing, oh

Well maybe Iâ€™m crazy, but this is really hard for me
(alternate: to think your heart belonged to me)
Can I get some sympathy?

Bridge:

Cry for me

Let me know youâ€™re givin me thought

No more lies for me

Inject me with the honesty shot

Just sympathy

Leave it with me, itâ€™s all that Iâ€™ve got

To face the storm out there

Butâ€¦
